

Studio Relaxer - Wallsaver

IMG[®]
COMFORT

DESIGNED IN NORWAY

Experience Scandinavian passion

IMG® is located in Sykkylven, Norway – famous for its steep mountains and deep fjords as well as the home for Scandinavian production and development centre for Scandinavian comfort recliners.

IMG®'s core commitments are comfort, quality and innovative design. With generations of experience, we create furniture based on the Scandinavian approach to relaxation. IMG®'s inspiration comes from you and what you require for ultimate relaxation. It is this foundation and focus that assures each piece of our furniture is carefully crafted to meet your needs and expectations.

Our entire range is designed, engineered and tested by our Norwegian product development team and produced in our own specialized, vertically integrated manufacturing facilities in Vietnam, Thailand and Lithuania.

Every element of our design has been researched and engineered with a focus on both functionality and comfort, backed with a 10-year warranty so you can rest assured that you have invested in state-of-the-art Scandinavian inspired furniture that lasts.

Find out for yourself by visiting one of our retailers and discover body correct support leading to true Norwegian comfort created by IMG®.

Relaxer

Our range of Relaxers include a design for everyone. Whether you choose traditional contours or contemporary clean lines, you can rest assured that Norwegian quality and design is at the heart of every design. All of our Relaxers are made with Cold-Cure moulded foam cushioning – a unique technology that ensures ultimate comfort, body correct support and long lasting durability

Quality built to last

- 1 Injection moulded Cold-Cured foam ensures ergonomically correct seating posture and enhanced support that lasts
- 2 Adjustable head and neck support gives you the ultimate comfort in all seating positions
- 3 Effortless deep recline
- 4 Steel springs located throughout the back and seat provide optimum support whilst cradling the body
- 5 A steel and hardwood frame provides durability and strength
- 6 The advanced mechanism offers both gliding function and 360 degree swivel
- 7 The integrated footrest and recline can be easily released manually or upgraded to power
