

Nordic Office 91

Introduction

Our Nordic Office range features all the distinctive style of our Nordic recliners, with all the added support needed to create the perfect chair for your workspace. With soft, padded cushioning which embraces the natural shape of your body, and several functions designed to provide comfort throughout your working day, the Nordic Office is a must-have for making work more comfortable.

The Nordic Office 91 recliner brings a smart and practical addition to the workspace with its comfortable, laid back design. Deep line stitching in the backrest creates subtle curvatures, enhancing the feel of luxuriously padded cushioning, while the raised, curved-shape armrests with line detailing adds a distinctive, eye-catching look.

2 years	on leather and fabric covers

DESIGNED IN NORWAY

The IMG Promise

Our products are subjected to the highest Norwegian quality standards. Our comprehensive warranty policy is our promise to you that your furniture has been built to last.

Inspired by our Nordic Recliner Design.

Importance of Ergonomics

- Ergonomic comfort describes how we can create our furniture to provide the best support to your body, helping you lead a healthy lifestyle.
- We study the shape of the human body so that our furniture provides comfort and support where you need it most- like a caring hand.
- Supportive furniture will embrace your body's natural movements, not restrict. It will provide support for anyone who uses it, reducing physical stress on your joints and muscles.

Functions

360° swivel function

Recline

Gas lift seat height adjustment

Manual height and angle adjustable headrest

1. Higher Grade Foam

Created through cold-cure foam technology, this ensures ergonomically correct seating posture and support which lasts.

2. Comfort-Precision Headrest

Adjustable head and neck support gives you the ultimate comfort in all seating positions, through simply tilting the headrest.

3. Height-Adjustable Headrest

Enabling the headrest to be adjusted for taller individuals.

4. Solid Construction

A steel and hardwood frame provides durability and strength.

5. Steel Interior Springs

Steel springs located throughout the back and seat provide optimum support whilst cradling the body.

6. Star Wheel Base

Featuring rubber wood caps, allowing for efficient movement while delivering on both style and sustainability.

7. Comfort-Glide System

Allows the chair to adjust according to your natural body movements, distributing support across the body and reducing tension.

8. 360° Swivel Function

Enabling you to turn in any direction with ease to ensure you never miss a moment.

9. Gas Lift Seat Height Adjustment

Allows the seat height to be easily adjusted according to your comfort needs.

Choose standard or large to find the perfect fit for you.
