

CODI 2500

CODI combines Comfort and Design in a unique and sophisticated way. The CODI-range offers a back and footrest that operate completely independently. All cushions are made from cold cure molded foam and all chairs are equipped with an adjustable headrest pillow system. All this is wrapped up in a beautiful look that brings style to any room in your home.

BENEFITS

NORWEGIAN QUALITY. All IMG products meet the highest quality standards. The reclining mechanism with integrated footrest is made by the largest specialized mechanism supplier in the world. The construction is based on a hard wood and steel frame with IMG's unique molded foam.

MANY UNIQUE COMFORT FUNCTIONS. The IMG CODI offers four different built-in functions:

- Swivel
- Effortless reclining and adjustable back rest angle
- Foldable footrest
- Adjustable head and neck support

COLD-CURE MOLDED FOAM. This spaceage material encases the interior steel frame and sinuous springs, allowing for body-friendly curvatures to be covered with glove-fitted upholstery. This guarantees absolute comfort and durability.

LUXURIOUS FEEL AND TOUCH. A layer of soft high resilient polyurethane foam with fibers ensures a luxurious feel and extra softness.

ADJUSTABLE HEAD AND NECK SUPPORT. Exclusive adjustment system that allows your head and neck to rest in an infinite number of comfort positions. It can easily be adjusted by a handgrip.

PERSONAL COMFORT
With CODI you can lean back and relax without having to release the ottoman thanks to the unique independent back and footrest system.

STRETCHING OUT
A slight push on the arm and the footrest unfolds smoothly. In the open position, the chair has an elegant footrest extension that hides all mechanical linkages and accentuates the full-length ottoman. The footrest and backrest operate completely independent of each other. When you want to close the ottoman just lean a bit forward and effortless push the footrest down and in.

WARRANTY

- 10 years on molded foam cushions and steel frames
- 5 years on mechanisms
- 2 years on motor and battery-parts
- 2 years on leather and fabric covers

DESIGNED IN NORWAY

Adjustable Headrest System

CODI 2500

Adjustable Headrest support allows your head and neck to rest in an infinite number of comfort positions. The headrest is also height adjustable for perfect fit.

Body correct back and lumbar support through molded cold-cured foam technology, unique construction and steel sprung suspension.

A unique pneumatic reclining system featuring a gas cylinder allows you to effortlessly recline and change the back angle. The reclining angle can be locked in any position. Operates completely independently from the integrated footrest.

The integrated footrest opens with ease and operates independently from the backrest.

An interior steel frame with sinuous springs is encased in cold-cured foam cushions. The entire chair is then upholstered with luxurious leather or fabric.

The rock-solid steel undercarriage provides long-term stability and easy 360° swivel.
