The **Conrad**, part of the Regal collection, is designed to incorporate all the comfort and technology you have come to expect from IMG. Starting with industry-leading Cold Cured Foam, unmatched for its body support and longevity, we design every recliner to accommodate and cradle the human form. Our sleek designs and Scandinavian scaling, along with up to three sizes, ensures a customized fit to your comfort expectations. The Conrad features the Multi-Flex Headrest system, our Comfort Glide Reclining System, 360° Swivel as well as a Freestanding Footstool also with Height Adjustability.

## BENEFITS

### MULTI-FLEX HEADREST SYSTEM

Exclusive adjustment system that allows the head and neck support to automatically move forward as you recline. In addition, regardless of position the head and neck support can be manually adjusted to ensure maximum comfort.

### COMFORT GLIDE RECLINING SYSTEM

With our frictionless patented reclining mechanism you are able to adjust the backrest angle by simply applying your body weight.

### 360° SWIVEL

With a very smooth 360 degree swivel you can easily rotate the chair in either direction while seated. Our swivel mechanism offers effortless movement and unsurpassed stability.

### FREESTANDING FOOTSTOOL

A freestanding footstool is the most comfortable and practical solution for foot and leg support. It can easily be moved and used as additional seating. The freestanding height adjustable footstool features an angled top for enhanced leg support and better blood circulation.

### COLD-CURE FOAM CUSHIONING

This space-age material encases the interior steel frame and sinuous springs, allowing for body-friendly curvatures to be covered with glove-fitted leather or upholstery.
